

Share Views, Shape the future of Education and earn incentives for you and your institution!

VoicED is a community where education professionals can voice their opinions, influence education policy and developments and interact via an online market research panel.

Email: esimmonds@voiced.org.uk to register or for further details.

Members of the VoicED panel will be regularly invited to participate in paid focus groups, which carry an incentive of £40-70.

VoicED is free to join, and operates on several key guiding principles:

- No Sales, No Marketing - **VoicED** is purely for Market Research.
- Shared Incentives - **VoicED** will pay incentives to both the individual respondent and their nominated educational establishment (or The Prince's Teaching Institute charity).
- Shared Results - Many of the surveys carried out on **VoicED** will have their top line figures published.

Have you **VoicED**
your opinions?
